

# Hiab Moffett Truck-Mounted forklifts

# The Concept

## Ready in Less than One Minute

Truck-mounted forklifts are a familiar sight on the back of waste transport vehicles: Light enough to be carried on almost any truck or trailer type they are mounted in less than one minute, ready to handle a wide range of recyclable products.

## Enhanced Operation & Operator Safety

Eliminating dangerous and inefficient manual handling, the Truck-mounted forklift efficiently handles a wide range of waste materials.

## Advanced Logistical Efficiency

No matter how confined the area of operation, firm ground or rough terrain condition - the load is moved quickly and safely to/from the transportation vehicle, helping to maximise the efficiency of your fleet.

## Great Customer Service

Providing the appropriate loadhandling equipment, facilitating collections at any time and faster turnaround times all contribute significantly to maintaining and extending your client base.

## Why Hiab Moffett?

Hiab Moffett Truck-mounted forklifts have proven to be an asset in all areas of Waste Movement & Management and are used by large and small businesses and public/municipal organisations worldwide.

Unrivalled quality, outstanding performance, ongoing product development and more than 40 years of experience mean you can trust our reputation and references, reflected in a long list of convinced Hiab Moffett users throughout the industry.

# Hiab Moffett Truck-mounted forklifts - Mastering Waste Collection and Delivery

From source to destination, on the road or on site, the Hiab Moffett Truck-mounted forklift is capable of managing diverse daily collections and transport tasks such as paper, cardboard, metals, plastics, aluminium, white goods, tyres, litter, glass, batteries, construction/demolition waste, liquid waste.
