

Hiab Moffett Truck-Mounted Forklifts

The Concept

Ready in Less than One Minute

Truck-mounted Forklifts are a valuable asset for the work of Fire, Rescue and Emergency organisations worldwide. Light enough to be carried on almost any truck or trailer type they are dismantled / mounted in less than one minute, ready to handle all types of equipment, debris or contagious goods.

Improved Operating Efficiency

Tailor-made features, agility, robust design, along with unrivalled manoeuvrability and off-road capability help to speed up the recovery process or any other operation, when every minute counts.

Support Wherever it's Needed

The Hiab Moffett is designed for off-road conditions, flooded or muddy ground, confined operating spaces and low working height and can be enhanced with a wide range of features and attachments to meet specific operating requirements.

Safety First

Designed for maximum operator safety, the Hiab Moffett eliminates manual handling of hazardous goods and equipment, helping to make the working environment of your on site teams safer every day.

Why Hiab Moffett?

Flooding, snow, earth quakes, fires, chemical hazards, accidents, etc. – Hiab Moffett Truck-mounted Forklifts are supporting Emergency & Fire Services, Civil Defence and international rescue organisations worldwide, helping to save lives and property.

With more than 40 years of experience, and ongoing product development you can trust our reputation, based on the unrivalled quality and outstanding performance of the Hiab Moffett Truck-mounted Forklift, complemented by training, documentation and customer support.

Hiab Moffett Truck-mounted Forklifts – The Professional Partner for Fire & Rescue Services
